

EARTHQUAKE SAFETY & EMERGENCY RESPONSE BOND 2010

FIRE STATION NO. 5 REPLACEMENT

Issue #2
May 31, 2017

This project will provide a new seismically safe facility for the San Francisco Fire Department.

GENERAL INFO

Project Updates

- Sidewalk along Turk and Webster Streets will be closed. Way-finding signage will be in place to assist pedestrians during construction.
- Abatement of hazardous materials complete.
- Soft demolition of building complete.
- Building structural demolition 80% complete.
- Noise and dust is expected during demolition as is commonly associated with this type of work. Dust mitigation measures will be in effect.

Activities Week of 5/30/2017 - 6/3/2017

- Finish demolition of building structure.
- Demolition of existing foundation footings.

Activities Week of 6/5/2017 - 6/10/2017

- Demolition of concrete pavements.
- Construction waste debris will be sorted and off-hauled from site regularly.
- Removal of existing underground fuel tank.

Other Information

- SFFD will be responding from nearby Fire Stations 6 and 38; fire service will continue uninterrupted.
- Contractor's work hours are currently scheduled for 7:00 a.m. to 3:30 p.m. Weekend work tentatively scheduled for Saturday, 6/3/17, and Saturday, 6/10/17.
- Increase in local traffic and deliveries is expected.
- Subscribe to this Construction Newsletter online at <http://www.sfearthquakesafety.org/firestations>
