This project will provide a new seismically safe facility for the San Francisco Fire Department.

**GENERAL INFO**

**Project Updates**
- Shoring and underpinning work is complete.
- Excavation for underground utilities and concrete footings and grade beams complete.

**Activities Week of 5/15/2017 - 5/20/2017**
- Finish placing rebar for moment frames and grade beams.
- Finish placing sleeves for underground utilities.
- Work is scheduled to occur on Saturday, 5/20.

**Activities Weeks of 5/22/2017 - 6/3/2017**
- Foundation concrete pour is scheduled for Monday, 5/22. Pixley Street will be closed to traffic from 7:00 a.m. to 3:30 p.m. Residents on Pixley Street are advised to park their personal vehicles on neighboring streets the night of 5/21 due to limited access during the concrete pour.
- Backfill and compaction of soil for foundation.
- Rebar and formwork for lower columns.
- Work is scheduled to occur Saturdays, 5/27 and 6/3.

**Other Information**
- SFFD will be responding from nearby Fire Stations 10 and 51; fire service will continue uninterrupted.
- Contractor’s work hours are currently scheduled for 7:00 a.m. to 3:30 p.m.
- Subscribe to this Construction Newsletter online at www.sfearthquakesafety.org/firestation16
