EARTHQUAKE SAFETY & EMERGENCY RESPONSE BOND 2010
FIRE STATION NO. 5 REPLACEMENT

This project will provide a new seismically safe facility for the San Francisco Fire Department.

GENERAL INFO

Project Updates
- Sidewalk along Turk and Webster Streets will be closed (see photo on right). Way-finding signage will be in place to assist pedestrians during construction.

Activities Week of 5/15/2017 - 5/19/2017
- Soft demolition of building.

Activities Weeks of 5/22/2017 - 6/2/2017
- Demolition of building structure and concrete pavements. These activities will likely result in noise and dust commonly associated with such work.
- Construction waste debris will be sorted and off-hauled from site regularly.
- Removal of existing underground fuel tank at front of station along Webster Street.

Other Information
- SFFD will be responding from nearby Fire Stations 6 and 38; fire service will continue uninterrupted.
- Contractor’s work hours are currently scheduled for 7:00 a.m. to 3:30 p.m.
- Increase in local traffic and deliveries is expected.
- Subscribe to this Construction Newsletter online at http://www.sfearthquakesafety.org/firestation5
